About Us

Lynden Nursing Service LLC is a family owned and operated Nurse Registry devoted to the highest quality of service to our clients. We strive to exceed the expectations of each client by referring skilled and experienced independent contractor caregivers to provide the finest possible care and experience. Services rendered include companion care, direct care and live-in care. Determination of care is based upon client's request during a free in-home consultation with a member of the LNS team.

Our Team

Our office team is comprised of experienced and knowledgeable professionals who are eager to deliver unparalleled customer service. Lynden Nursing Service personnel understands that exceeding our clients' needs is essential to the client's recovery and their family's peace of mind.

About the Owner

Lynden Nursing Service was founded in April 2009 by our Administrator, Lynden Williams. He recognized the importance of making quality home care accessible and affordable to South Florida Seniors and continues to focus his efforts on providing quality service.

Our Services
